

If you are a **Mission Style** enthusiast then our **Mission Island Box Columns** are a must for your Kitchen! Don't forget to see our coordinating Box Newels on pages 10-13, as well as coordinating Mission legs, columns, bun feet and stair parts.

The Island Box Column may be used with or without the 1 $\frac{3}{4}$ " top cap which is shipped loose for field installation. These columns have face grain on all four sides and have a hollow core. For a weight bearing Island Box Column add "WB" to the part number to get a solid core.

Multi-Species: On any of these styles change the species of the moldings and on Panel box columns change the species of the panels.

For an authentic Mission look, on Panel configurations, add Square Sticking (add "SS" to the model number) and panels in the upper section! (add -4 to the model number)
