

EXTERIOR COLLECTION

BALUSTERS • NEWELS • POSTS • RAILINGS • BRACKETS • SPINDLES

★ ★ ★ *MADE IN THE USA* ★ ★ ★

Exterior Collection from Oak Pointe: The exterior of your home will be stunning with a porch railing system designed and manufactured by Oak Pointe. Many components in other sections of this catalog can be manufactured for exterior use upon request.

WHERE TRADITION AND INNOVATION CREATE EXCELLENCE

Custom components are an integral part of our business. Call for pricing on your designs for interior and exterior use.

Our Exterior Collection components are offered in:

Accoya
(Coming in 2024)
Tested worldwide, Accoya is one of the best wood choices for exterior applications. See page 25 for more details.

Pine-Southern Yellow
The heartwood is orange to reddish-brown & the sapwood is yellowish white. Boards have contrasting colors - light early wood to darker denser latewood. Stronger than other pines with straight grain & medium even texture. (Available in paint grade.)

Sapelle
The heartwood of Sapelle is pink when freshly cut, but it matures to a medium to dark red-brown. The sapwood is grayish-pink or cream in color. The grain is fine and moderately interlocked or wavy. (Available in paint grade.)

Cellular PVC
Cellular PVC trim is a wood replacement product which is different than normal PVC, enabling it to be cut and shaped like wood without wood's disadvantages. Not available in railings & certain turning designs.

Other wood species are available upon request. The key to a lasting wood exterior component system is to finish them with top rated exterior products during installation and when the top coat starts to break down it should be refinished.
