

OAK POINTE

CELEBRATING 25 YEARS OF EXCELLENCE

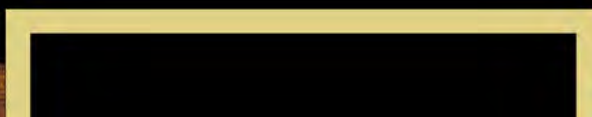

Oak Pointe, LLC was founded in 1996. We quickly became a nationally-known stair parts company. Starting in 2007 we made a bold decision to continue domestic production of our quality products. Through continued innovation we seized the opportunity to differentiate ourselves by introducing creative new stair components along with island columns, finials, large columns, and products for exterior use in almost any wood species as well as cellular PVC.

Over the past 25 years, our services and products have expanded, but our underlying principles and commitment to excellence have remained constant. Today we are a leader in our industry, and remain dedicated to providing premium custom "Made-In-USA" millwork, specializing in stair parts and components.

As part of our 25-year celebration, we have taken on a whole new look. We are proud to celebrate our 25-year milestone with our employees, customers, and partners—and look forward to the next 25 years!

WHERE TRADITION AND INNOVATION CREATE EXCELLENCE

OAK POINTE

ORDINARY TO EXTRAORDINARY CUSTOM TO CUSTOMARY

While we hope to inspire you with our dynamic custom capabilities, we provide all the standard parts and components to handle those customary jobs that so many have come to trust Oak Pointe for. We bring value to even the simplest of projects.

CONTINUING OUR COMMITMENT TO
AMERICAN MADE

Based in Newcomerstown Ohio, Oak Pointe is in the center of America's manufacturing heartland.

Craftsmanship is a way of life in our local communities, and so Ohio is a natural fit for a premium millwork company like ours.

OAK POINTE

NEW LOOK, SAME QUALITY

As an innovator in our industry, risk is something we consider in all aspects of business. While we value the legacy of tradition, we believe that innovation and change are themselves, a tradition we value equally. For this reason, the decision to rebrand came naturally. We hope you enjoy our new look.
