Standard Wood & Iron PRICING COMPARISON

With the Standard Wood & Iron Pricing Comparison Guide, Oak Pointe strives to empower customers to understand price points for various standard wood and iron balustrade configurations with Oak Pointe products. While these are all standard parts Oak Pointe custom capabilities are extensive. Prices included in this document are starting points. For a complete quote, customers should contact Oak Pointe Customer Service Department.

Each set of four balustrade configurations show a traditional staircase with three optional upgrades.

For pricing and quotes regarding custom projects contact Oak Pointe.

To review all products, see Catalog Edition 3.0.

Configuration Description: Total List Price for a balustrade of a ten-rise stair with a four-foot balcony. Rake rail and balcony rail heights are figured at 36" and 38" respectively, with a rise of 7-1/2" and a run of 10".

Prices are subject to change.
